Contractor for City Water and Light
Plant Claims That the Municipal-
ity Owes Him Money.

Special to The Tribune.
BOISE, Ida., March 21.—Col. W. F. Butcher of Baker City is in the city. He is here to commence suit in the Federal court against the city of Weiser for a balance claimed to be due him and his associates for the construction of the water and electric light plant now in operation in that city. Col. Butcher says the balance amounts to about \$7500, and he wants the money or satisfactory arrangements for its payment.

WILL CONTEST SETTLED OUT OF COURTROOM

Special to The Tribune.
POCATELLO, Ida., March 21.—The contest instituted by W. A. McManamy and Mrs. Charles Hickey, to break the will of their father, the late W. J. McManamy, was settled out of court today.

CHILD DROWNED IN AN IRRIGATING DITCH

Special to The Tribune.
WEISER, Ida., March 21.—Lizette Hickey, the three-year-old daughter of well-known residents of Weiser, was drowned in the Jeffries irrigation ditch Sunday evening. The fine home in which the child was playing on the bank of the ditch, which was a few feet from the water, was in the ditch, and the child was in the ditch, and the body was found in a ditch of driftwood near where the ditch empties into the Snake river.

Bright's Disease and Diabetes News.

Pacific Coast Biscuit Co.,
R. C. Pell, Manager.
San Francisco, March 14, 1914.
To parents of children having Bright's Disease.
I feel impelled to write you my personal experience with this disease, the gravity of which I feel strongly through the help of my father some twenty years ago from that trouble, and the serious illness of my son nearly two years ago when he was pronounced by two physicians to have Bright's Disease in its worst form with recovery impossible. His whole body was swollen with dropsy, great difficulty in breathing and death at any moment would not have surprised him. Medical science having been exhausted we put him on the Fulton treatment for Bright's Disease. In six months his recovery was complete. Physicians have five times since found him normal and without physical defect. Hearing that the son of a friend (an attorney) was dying of Bright's Disease I told him and at last reports he boy had recovered. Last year a Mr. Baruch, representing a New York firm doing business with us, shocked us by his appearance. He said it was Bright's Disease and feared it was his last trip to California. I told him, too, of my boy's case. Eight months later he called again. I hardly knew him. He said he was nearly well. There are lives to be saved and it is my duty as well as pleasure to lay these facts before you. Yours, etc.,
R. C. PELL.
The above refers to the newly-discovered Fulton Compound, the first cure of the world ever seen for Bright's Disease and Diabetes. We are the sole agents. Ask for pamphlet, F. J. Hill Drug Co.

CABMEN SEEK TO DOUBLE THEIR RATES

OGDEN, March 21.—Judge Maginot appeared before the Council in behalf of the Hackdrivers' association to have the ordinance amended increasing the rate from 25 cents to 50 cents per mile.

FOUND SAWS IN SHOES WORN BY PRISONER

OGDEN, March 21.—Sheriff Bailey and Chief of Police Browning returned today from San Francisco with a prisoner who committed here last year. When Furey was taken to the county jail Deputy Sheriff Sebring had an extra suit of clothes ready, and compelling Furey to take off everything he had on, ordered him to dress in the suit and locked him up in a cell. Furey had been searched by the San Francisco officers, but Sebring found in the lining of Furey's shoes seven saws. In one shoe one whole saw was concealed and in the other six different pieces.

FOSTER'S MILITARY BAND MUSICIANS JOIN UNION

OGDEN, March 21.—The musicians who compose Foster's military band today joined the Musicians' union and a result all trouble between the Central Trades and Labor Assembly and the United Brotherhood of Railway Employees has been settled. The fact that several members of Foster's band belonged to the U. B. E. and at the same time affiliated with an organization not a member of any union caused the trouble.

PETERSON ATTACKED BY MAN HE KILLED

Witnesses in Murder Trial Swear
Backman Began Row Which Resulted in His Death.

Special to The Tribune.
NEPHI, Utah, March 21.—In the trial of Charles Peterson for the murder of John Backman, Attorney E. M. C. Stott of Eureka was called by the prosecution to identify the declaration made by Backman. The court admitted the statement taken at St. Mark's hospital in Salt Lake on January 1st, which showed that the deceased was shot by the defendant on Christmas morning, while Backman was going to his home from Finn hall, and that the deceased said that he did not know why the defendant shot him.

DRUNK AT THE TIME

On cross-examination Mr. Stott said that the deceased at the time of making the statement said that prior to the shooting he was so drunk that he did not know what he was doing, but that the shots sobered him up, and that he remembered that he was going home. Backman also had said that he did not remember anything about the trouble at the time of the shooting, at which it was arranged that he would go to the hall and see the defendant. The witness said that he did not ask the deceased if he attacked the defendant with a chair outside the hall or whether he dropped the chair at the gate when he was shot.

THREW A BOTTLE

Charles DeWahl admitted on cross-examination that just before the shooting the deceased came into the hall and attacked the defendant, that the defendant succeeded in getting away from him, and as he was fleeing the deceased threw a bottle at him, which struck a young lady in the face, knocking her unconscious, that he picked up the bottle and threw it at the defendant, who was shot.

ROW DURING THE DANCE

Gus Smith testified that the defendant was managing the hall, and the trouble, which resulted in the killing, arose during the party.

VIEWING SITES FOR NEW UNION HOSPITAL

Minola Suspends Work on Silver
King Contact Vein—Republican
Convention Called.

Special to The Tribune.
PARK CITY, March 21.—Nelson Hill, a delightful spot, commanding a view of the surrounding country, is considered the most desirable location for the new Union hospital, by J. P. Langford, president of the Miners' union, and David Baxter, member of the committee to raise the building fund. They visited the site today, which Mrs. Eliza Nelson has offered to donate to the hospital.

The ground is within 500 feet of the city water mains and at a convenient distance from residences. A local physician figures the probable cost of the building at from \$5000 to \$7000. Architect Neuhausen of Salt Lake will arrive here tomorrow to present plans for the building to the committee.

Mr. Langford said that nearly all the members of the Miners' union, with a membership of about 1500, have subscribed for stock. The business men have subscribed about \$200, and \$500 more has been collected and placed in the bank.

The Minola, one of the prominent properties here, which has been working on the great Silver King contact vein for productive areas in the formation, has been forced temporarily to suspend operations, on account of the stringency in the money market. The Minola force was paid off today and Foreman N. Peiler left for the capital.

Manager A. H. Mayne, who visited the property yesterday and ordered the suspension, is not discouraged at the present outlook. It is promised that the Minola will start up again in the near future, possibly within two months, on a more rapid scale than before. Among the proposed improvements will be a complete re-equipment of the mine.

The Minola suspends looking better on the faces of its more advanced drifts than ever before in its 100 feet of sinking and drifting.

The Republican county convention, for the purpose of electing delegates to attend the State convention to be held in Salt Lake City, will be held in Park City Thursday, March 21st, at the city hall. Forty-six delegates will attend. The representation will be cast for Congressman Howell in 1912, with three exceptions in favor of small outlying precincts, in order to give every precinct in the county representation.

The party leaders say the delegation will be unopposed. Caucuses will be held in all the precincts of Park City Tuesday, March 24th.

Manager R. G. Wilson of the New York Bannock, while on his return to Salt Lake City last evening, displayed some well-known samples of the mine. Mr. Wilson intended having them tested for values when he arrived in Salt Lake. It is not generally known that the back ledge in the New York, for which a drift was projected southward some time ago, had been reached. It was the opening of this ledge that let the recent inflow of water into the New York, and necessitated the introduction of a pump. Mr. Wilson says the ledge was barely reached when the water went to the mine, and the extent, contents nor dip of the body is yet known. The pump is pushed to its full capacity and is running at a slow rate.

At the time of Mr. Wilson's departure it had been reduced several feet. As soon as the mine is drained forces will continue operations in the drift where several ore chutes have already been cut, and in the back ledge, which will be thoroughly explored.

Mr. and Mrs. Herman Olson, recently married, left on the outgoing train last evening.

Bruno Frankel left last evening for St. Louis, where he expects to remain in business until after the exposition.

C. P. Brook was back in camp this morning.

David Keith visited the Park today.

Robert Middleton returned to town this morning.

D. D. Hetsacker was back to the Park today.

W. W. Armstrong visited Park today.

E. G. Hoag was among the arrivals from the capital today.

C. Nelson was over from the Majestic this morning.

Wires are being put in and the new Huntington installed at the Ontario mill today, in anticipation of start of the whole machinery of the plant tomorrow.

"Down by the Sea" will be presented Wednesday evening at the Devery.

Nature's Greatest Cure For Men and Women

Swamp-Root is the Most Perfect Healer and Natural
Aid to the Kidneys, Liver and Bladder
Ever Discovered.

Swamp-Root Saved My Life
I received promptly the sample bottle of your great kidney remedy, Swamp-Root. I had an awful pain in my back, over the kidneys, and had to urinate from four to

seven times a night, often with smarting and burning. Brick dust would settle in the urine. I lost twenty pounds in two weeks, and thought I would soon die. I took the first dose of your Swamp-Root in the evening at bed time, and was very much surprised; I had to urinate but once that night, and the second night I did not get up until morning. I have used three bottles of Swamp-Root, and today am as well as ever.

I am a farmer, and am working every day, and weigh 150 pounds, the same that I weighed before I was taken sick.

Gratefully yours,

kidneys need doctoring. If neglected now, the disease advances until the face looks pale or sallow, puffy or dark circles under the eyes, feet swell, and sometimes the heart acts badly.

There is comfort in knowing that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills every wish in quickly relieving such troubles. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. In taking this wonderful new discovery, Swamp-Root, you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has ever been discovered.

Swamp-Root a Blessing to Women
My kidneys and bladder gave me great trouble for over two months, and I suffered untold misery. I became weak, emaciated and very much run down. I had a constant desire to pass water, and was obliged to pass water very often night and day. After I had used a sample bottle of Dr. Kilmer's Swamp-Root sent me by request I experienced relief, and immediately bought of my druggist two large bottles and continued taking it regularly. I am pleased to say that Swamp-Root cured me entirely. I can now stand on my feet all day without any bad symptoms whatever. Swamp-Root has proved a blessing to me.
